

Withnell Fold Primary School

Withnell Fold Primary School is a small but kind and caring school, located in the heart of the village.

Every student makes friends instantly and works at their best level.

All the teachers know the pupils' names and will get to know them quickly. The teachers expect every pupil to work hard and achieve their best, they also expect them to have fun and make friends. The teachers all help the children to learn efficiently. As we are as small school we get more 1:1 with the teachers than other schools.

Withnell Fold is a very athletic school and we do lots of PE and have lots of after school clubs.

The Head Boy and Girl role is good as it gives you a chance to push yourself the most that you can.
